Dan Wesson
DAN WESSON FIREARMS®

Dan Wesson

DAN WESSON FIREARMS®

In 1968, Dan Wesson struck off on his own to manufacture fine firearms that deviated from the standard. 50 years later the company he founded is still going strong and still building unique products. Though there are many manufacturers of 1911s, not many combine custom-level fitting, top-shelf parts and clean, elegant lines like a Dan Wesson — let alone at such an attainable price.

We produce only a few thousand handguns a year, using the best components and finishes the industry has to offer. We painstakingly hand-fit and polish each and every part, creating the best possible production 1911. Even a custom pistol maker would be hard-pressed to build a gun that would outperform ours straight out of the box. No matter the model, from our entry-level Pointman series to the long-slide Bruin, we are proud to provide our customers the best bang for the buck in the industry.

All our pistols share the same match-grade components, but specific features vary by model. We challenge you to find another production 1911 in our price range that gives you everything Dan Wesson has to offer.

FEATURES

- Hand-fit 70-series frame and slide
- Forged slides and barrels
- Hand-fit match barrels
- Billet alloy steel fire-control system
- Zero MIM parts
- All premium components
- Lowered and flared ejection port
- Beveled magazine well
- Carry bevel treatment
- Undercut triggerguards
- Hand-polished flats
- Crisp 3.5-5 lb. factory trigger job
- Two magazines
- Signature-series case
- Barrel bushing wrench
- Cable lock and manual

DAN WESSON

DW **BRUIN**

CALIBER | 10MM

We took note of the growing demand for 10mm handguns, and we responded with the Bruin. The first long-slide 1911 from Dan Wesson, the Bruin comes with a 6-inch barrel, which allows full-power 10mm loads as much time as possible to use their powder charge. The Tritium fiber optic front sight and adjustable rear night sights make the Bruin ideal for shooting in the daytime, or in low light scenarios, taking advantage of the longer sight radius.

MODEL VARIANT:

01840 DW Bruin Black - 10mm, black Duty finish

DW **KODIAK**

CALIBER | 10MM

One of our most popular 1911 models, the Kodiak packs a punch with a 6-inch bushing-less barrel chambered in 10mm. These features give the Kodiak a longer sight radius, less felt recoil, less muzzle flip, and increased accuracy while letting full-power 10mm loads achieve their potential.

Fully adjustable sights, a rail on the dust cover for a light or laser mount, and an additional magwell give this Dan Wesson classic an edge, while an ambidextrous safety makes it easy to use for left-handed shooters. Complete with a Duty finish, the Kodiak is available in black, or a tri-tone matte grey.

MODEL VARIANT:

01853 DW Kodiak Black - 10mm, black Duty finish, bronze parts

DW **RAZORBACK**

CALIBER | 10MM

Our Razorback has always been our most popular 10mm platform. The RZ-10 is a 5" 1911 and features the serrated target rib machined on the top of the slide with fixed defensive sights. We fit a match-grade, ramped barrel for use of the most popular 10mm loads and smoother feeding. The slide is mated to our standard forged frame with undercut triggerguard and smooth frontstrap. On both the frame and the slide, we polish the flats to a soft brushed finish and bead blast the rounds.

The gun is finished off with a nice set of double diamond cocobolo grips. Chambered in the powerful 10mm cartridge, the RZ-10 is a very versatile 1911 package suitable for defensive use, target shooting and handgun hunting of medium-sized game up to deer or wild boar.

DW **V-BOB**

CALIBER | .45 ACP

A commander sized variation of the Valor, the V-Bob is ideal for a quality handgun that can be utilized as a concealed carry firearm. A bobbed mainspring housing and 4.25 inch barrel condense the V-Bob, making it sleek and compact, while tapered grips, an ambidextrous safety, and a recessed slide stop add tactical value.

Our new inset serrations knock down the glare between the sights — a serrated U-notch in the rear and a tritium with a large orange ring in the front. Classic good looks come courtesy of a set of GI-style rear slide serrations.

The stainless slide and frame on V-Bobs can be had in a bead blasted finish or a classic blued finish. For folks who like both, we now have a two-tone as well that has the same stainless steel frame with a classic blued slide.

MODEL VARIANT:

01827 DW V-Bob - 45ACP, stainless
01825 DW V-Bob Two - Tone - 45 ACP

DW **VALOR**

CALIBER | .45 ACP

With quality improvements to make this Dan Wesson flagship better than ever, the new and updated Valor features a Stan Chen S1 Magwell, tapered G10 grips and a tactical ambidextrous thumb safety.

The features don't stop there; the Valor now comes with an inverted rib and an updated slide stop that allows for laser grip panels. Sitting atop the slide are a serrated U-notch rear sight and a tritium front sight with a large orange ring, while GI-style cocking serrations give it a classic look. Our new inset serrations not only knock down any glare from the top of the slide — they also look great!

Complete with a stunning, stainless steel slide and frame, the Valor can be purchased with a bead blasted finish or a black, Duty coat.

MODEL VARIANT:

01823 DW Valor - 45ACP, black Duty finish

DW **SPECIALIST**

CALIBER | .45 ACP, 9MM, 10MM

When police departments approached us to build them a more reliable, durable 1911 to replace the ones they had been carrying, we developed a model just for them. The additions that made it ideal for law enforcement also make it perfect for home defense, so we gladly offer it for sale to the public.

A full-size 1911, the Specialist is chambered in 45ACP, 10mm, and 9mm and loaded with features to satisfy a public servant's special requirements. The forged stainless steel slide wears our inverted top rib with a single amber tritium dot in the rear sight and a green lamp with white target ring in front.

The frame sports an integral 1913 Picatinny, 25 LPI front strap checkering, undercut trigger guard and recessed slide stop to enable the installation of laser grips. Equipped with an ambidextrous thumb safety, extended magazine release, and detachable magwell, the Specialist is operator-friendly. It is finished off with a set of G10 VZ Operator II grips that force the hand into the beavertail and hold it there.

The Specialist ships with two 8-round magazines with bump pads (10 rounds in 9mm) and is available in either a matte stainless finish or our black Duty finish, which makes for an especially hardy pistol that scoffs at everyday wear and tear.

MODEL VARIANT:

01808 DW Specialist Commander - 45ACP, black Duty finish
01809 DW Specialist Commander - 45ACP, stainless

DAN WESSON

DW **ECP**

CALIBER | .45 ACP, 9MM

Utilizing a heavy, match-grade bull barrel the Enhanced Compact Pistol is a 4" gun that conceals well but is a tack-driver at the range. With a compact, stainless steel slide and a forged aluminum frame, weight is kept to a svelte 29 oz. Our new tapered G10 grips and a bobtailed frame enhance its ergonomics, affording shooters with smaller hands an easier reach to the trigger.

A tri-topped slide wears aggressive side serrations and a top rib to knock down glare, while our new U-notch rear sight is matched to our brass-beaded front sight. The bull barrel itself is flush-cut to make for easier disassembly and has a 30 degree crown. Its recoil system uses a flat wire recoil spring. Rated for 15,000 rounds in 45 ACP, that's three times the round count of a typical 1911 dual recoil spring setup.

With a compact size that fades away when concealed and a beefy bull barrel, the ECP is an ideal 1911 for everyday carry.

DW **TCP**

CALIBER | .45 ACP, 9MM

Combining a match-grade bull barrel and our new railed alloy frame, the Tactical Compact Pistol sits in the sweet spot of concealability and shootability. The TCP for short, its compact stainless slide is tri-topped and has aggressive slide serrations.

A top rib helps reduce glare and it features our new U-notch rear sight with a whopping .156" wide notch paired with our brass-beaded front sight.

Its ramped bull barrel has a 30 degree crown and is flush cut for easier disassembly.

Its recoil system uses a flat wire recoil spring. Rated for 15,000 rounds in 45 ACP, that's three times the round count of a typical 1911 dual recoil spring setup.

The TCP's grips are also new, with a tapered profile that is slim at the top and full-width at the bottom, giving shooters with smaller hands an easier reach to the trigger. With three facets that mimic the distinctive slide, their serrated features encourage a high, deep grip. Our one-piece magwell, flat K-style trigger and square hammer round out the features.

All-in, the TCP tips the scales at just 32 ounces, making it an accurate pistol that's easy to carry on the regular.

DAN WESSON

DW *POINTMAN NINE* (PM-9)

CALIBER | 9MM

The Pointman series has been offered in limited quantities in the past, and demand always outpaces production capacity. Featuring our inverted rib on top of the forged slide, it has an adjustable target sight in the rear and fiber optic sight in the front, and front and rear cocking serrations. The frame is forged stainless with an undercut triggerguard and 25-LPI front strap checkering. The flats are polished to a soft brushed finish, and the rounds are bead blasted for a nice contrast. Double diamond cocobolo grips finish it off. With the lower cost of 9mm ammunition and mild recoil, this is the perfect model for getting acquainted with the 1911. Holding 9+1 rounds, the PM-9 shines both at the range and in competition.

MODEL VARIANT:

01943 DW DW Pointman 45 (PM-45) - 45ACP stainless wood grips

DW *POINTMAN SEVEN* (PM-7)

CALIBER | .45 ACP

While similar to our Pointman 45, a few differences make the Pointman Seven California legal!

The PM-7 maintains the legacy features that originated from the Pointman series, such as adjustable rear sights, blacked-out front sights, 25 LPI mainspring housing checkering, and a smooth front strap. Complete with double diamond cocobolo grips to make the pistol more secure in the hand, the PM-7 is ready for the Golden State

SKU 01900, the PM-7 in .45, differs from the rest of the Pointman series in that it lacks the inverted top rib, fiber optic front sight and front-strap checkering.

DAN WESSON

DW **COMMANDER** **CLASSIC BOBTAIL**

CALIBER | .45 ACP

This bobbed 1911 was brought back into production by popular demand. With an 8 round magazine capacity and a 4.25" length barrel, the Commander Classics such a tried and true essential to our lineup, it has withstood the test of time, maintaining its California legal status. With stunning brushed flats and bead blasted rounds, a stainless steel slide and frame, and wood grips, this handgun is as aesthetically pleasing as it is capable. Chambered in .45 ACP and bearing snag-free Tritium sights and a smooth, bobbed mainspring housing, this is also a great concealed carry handgun.

DW **GUARDIAN**

CALIBER | .45 ACP, 9MM, .38 Super

A stunning firearm that combines the slide of a Commander with a bobbed mainspring housing, Dan Wesson created the Guardian. With an aluminum frame, the Guardian is the lightest 1911 in the Dan Wesson lineup, and makes a fantastic concealed carry firearm.

With wood grips and a lightweight frame, the Guardian comes with a stunning Duty finish, single-action trigger mechanism, and fixed night sights on the front and rear for a comfortable, concealable carry option.
